THE CHALLENGE for Recreation

Maryland's outdoor recreation opportunities are in decline due to intense development pressure and aging facilities.

Park recreation facilities provide the opportunity to:

- > Strengthen physical and mental well-being
- Form Community Bonds
- Gain and practice an appreciation for our natural environment

"Recreation's purpose is not to kill time, but to make life, not to keep a person occupied, but to keep them refreshed; not to offer an escape from life, but to provide a discovery of life." -Author Unknown

Natural Resources Article - Annotated Code of Maryland

§5-902 Annotated Code of Maryland – Program Open Space

The General Assembly declares that there is need for a program to make funds available to State agencies and any subdivision to:

- (1) Expedite acquisition of outdoor recreation and open space areas before escalating cost of land prevents its purchase for public use and before potential areas are devoted to some other use; and
- (2) Accelerate development and capital renewal of needed outdoor recreation facilities.
- (b) This program is known as Program Open Space and carries out the recommendations of the 1968 Legislative Council Committee on recreational areas. By enacting this program, the General Assembly intends to provide funds to the State and its subdivisions to enable them to acquire land for outdoor public recreation and open space use and develop the land for public recreation.
- (c) To effectuate the purposes of this section, the General Assembly has established a funding program under Chapter 403 of the Acts of the General Assembly of 1969. (State Real Estate Transfer Tax)

How is Program Open Space funded?
